

9-11 Event a Jesuit Commemoration Day

by Nelson C. Turner

In the providence of God, I discovered while reading a book called THE JESUITS IN HISTORY (1962, Loyola University Press) by Jesuit S.J. Harney, that **September 11th is a very special date to the Company of Jesus**. it is a day to be had much in remembrance by them, and Jesuit Harney relates its significance as follows: "On June 24, 1537, the feast of St. John the Baptist, Ignatius, Xavier, Salmeron, Rodriguez, Bobadilla, and Codure received the sacrament of Holy Orders from the hand of Bishop Nigisanti of Arbi. Further days of retreat were spent in preparation of **their first Mass** which all but Ignatius **celebrated on September 11th.**" Hence, the event that took place on September 11th, 2001 has a relationship in the numeric and occult vocabulary of the Catholic Church and Company of Jesus; it occurred on the anniversary of the first time ordained members of the Company of Jesus celebrated a Mass together as a group of priests. Thus, the event on that date in 2001 had a significance to every member of the Order worldwide. The meaning of the event on this anniversary date which was foreshadowed in numerous media productions is that the former heretic nation called the United States of America was now conquered, its Constitution and government subverted, and the nation was in physical subjection to the Vatican.

The odds of this being a coincidence are no less than 365 to 1. In the superstitious and pagan Roman religion, dates and times are of utmost importance for spiritual activities, and this date proved to be no exception.
